SCHOOL START TIMES

Beginning with the 2026–2027 school year, Florida law requires middle schools to start no earlier than 8:00 a.m. and high schools no earlier than 8:30 a.m. Our school is currently conducting a stakeholder survey to determine how these changes may affect students and families.

To account for the 300 minutes of school and comply with the required minutes per session, our proposed student hours, given the new changes requiring earlier start times, would be:

Middle School: 8:00 a.m. to 3:30 p.m. (no change)
High School Session 1: 8:30 a.m. - 1:30 p.m.
High School Session 2: 1:30 p.m. - 6:30 p.m.

Why do students attend Palm Beach Preparatory Charter Academy (PBPCA)?
At Palm Beach Preparatory Charter Academy, our students participate in a customized learning environment. We understand that not all students learn the same way. Our learning platform is designed to support students who are over-age for grade in middle school, or they do not have enough credits to graduate from high school on time.

Our students are able to catch up on credit hours to graduate quickly!
When a student is willing to work with us and remain focused on learning, the possibility for success is greater for them to catch up on credit hours to graduate quickly. If this is a concern for you, we invite you to call (561) 623-6935 to find out what options are available for you to earn your high school diploma quickly.
